BIG INCREASE SHOWN IN CITY BUSINESS

Well might the first annual meeting of the Potomac National Bank be described as a triumph. For ten years the bank has been in business and during that period it has steadily increased its capital and assets. The bank now has over $1,000,000 in deposits, and a large number of savings accounts have been opened during the past year. The bank is now able to offer its customers a wider variety of services than ever before.

The bank was established in 1912 by a group of local businessmen who saw a need for a strong, independent financial institution in the area. Since then, the bank has grown and expanded, and today it is one of the leading banks in the region.

The bank's success can be attributed to its commitment to providing excellent customer service, as well as its ability to adapt to the changing needs of its customers. The bank is continually investing in new technologies and products to meet the needs of its customers.

The bank's leadership team is dedicated to ensuring that the bank remains a strong and stable institution. The bank's board of directors and executive team are committed to maintaining the bank's reputation for integrity and excellence.

The bank's success is a testament to the strength of the local community and the dedication of its employees. The bank is proud to be a part of the community and to provide financial services to its customers.

The bank's future looks bright, and the bank is well-positioned to continue its growth and success. The bank's leadership team is committed to ensuring that the bank remains a strong and stable institution for years to come.

The bank's success is a testament to the strength of the local community and the dedication of its employees. The bank is proud to be a part of the community and to provide financial services to its customers.

ADVERTISING RATES

In sets, per quarter, $15.00; single columns, $6.00.

Transactions advertising 25 cents for each 25 words, not less than 50 cents, stated in full.

The county commissioners are being recognized today as the very busy people in Port Angeles, to take care of the usual business of the town. They are preparing for the annual session of the legislature, and the usual business of the town is being attended to.

Current events are being reported in detail in the paper, which is published weekly. The editor is a well-known local citizen, and is widely respected for his ability to produce an excellent newspaper.

DOINGS OF THE WEEK AT OLYMPIA

Olympia, July 14—"If we were to visit any place in the state of Washington, we would not put up a factory and take a ship or boat for every man in the state," Governor Lowrie de-clared to the state legislature in a speech on highways.

Adoption of a comprehensive plan for state highways was one of the excerpts of the governor’s speech. It was argued that highway improvements would be speeded up and made more permanent, and that maintenance costs would be reduced. The bill would also provide for the state highways.

The governor urged the legislature to see that all dangerous points on our main highways were provided with guard rails, and that highways were made as smooth as possible. The state registrar was present to assist the governor in his work.

Of the several important bills that came before the legislature, one of the most important was the one that provided for the construction of a new state capital. This bill was opposed by some members of the legislature, who argued that the money would be better spent on other projects. The governor, however, was able to convince the legislature of the necessity of the new capital.

The other important bills that passed included one that provided for the construction of a new state university and one that provided for the improvement of the state prison. These bills were supported by the governor and were passed unanimously.

The session ended on a high note, with the governor expressing his gratitude to the legislature for its cooperation in the passage of these important bills. He expressed his hope that the people of Washington would continue to support the state and its institutions.

GOING! GOING! GOING! 
ENJOYS ADVENTURE

On Tuesday after the Fourth of July the Angeles Castle of the Knights of King Arthur gathered at the Swiflts Cotsouet to celebrate the birthday of the Fire Chief of the Angeles, Captain George W. Swift. The Knights of King Arthur are the toast of the Fire Department, their friendship and support is very much appreciated by the Fire Department. The Knights of King Arthur have always been very generous with their time and money to support the firefighters and their families.

The festivities began with a parade through the streets of downtown Los Angeles, followed by a grandiose dinner at the Angeles Castle. The guests were treated to a variety of fine foods and drinks, with the highlight being a special birthday cake for Captain Swift. The evening concluded with a vibrant fireworks display over the city, lighting up the night sky and creating a spectacular sight for everyone in attendance.

The event was a huge success, with many firefighters and their families in attendance. The Knights of King Arthur and the Angeles Fire Department are a shining example of the strong bond between the community and its protectors.

THE CITY OF ANGELES

The City of Angels is one of the most beautiful cities in the world, with its iconic landmarks and stunning skyline. However, it is also a city that faces many challenges, such as traffic congestion, pollution, and housing affordability. The City of Angels is a diverse and vibrant city, with a rich history and a thriving culture. It is a place where people from all over the world come together to create something special. The City of Angels is a city that is constantly evolving, and it is a place that is always worth exploring.

TRAVELERS ATTENTION

The City of Angeles now offers Seattle from Pier 3, located at the foot of Madison street.

LOGANBERRY EXPERIMENT A SUCCESS

The fruit is so far proving to be very effective, having a number of advantages for its future needs. He has also grown a number of other trees which are known to be excellent bearers and have been rescued from a bad position which they occupied in the past. The trees were purchased from a nursery in the early spring of the year, and have been thriving ever since.

The soil is well adapted to the cultivation of the fruit, and the climate is favorable for its growth. The trees are now bearing fruit, and the yield is expected to be good.

SEVEN MEASURES
WILL GO ON THE BALLOT NEXT YEAR

For nearly a month the work of checking the signatures on the seven referendum petitions filed in the office of Secretary of State, W. T. Howell, has been going on with vigor, and it has charged the work of checking every ballot of the election district of the office of Secretary of State, totaling 213,562 ballots. The legislators, in charge of the work, have so far checked, as of this hour, 211,600 ballots and the department does not anticipate that the work will be completed this week. As a result, the report to the legislature will be delayed a few days, but the work will be completed before the legislature adjourns. Conscientious work has been done and the signatures have been thoroughly checked.

OUT OF HALF IN STATE
LEY FOR GENERAL FUND

That there is a cut of more than 75 per cent. in the state tax levy for the general fund, this year as compared with the state tax levy of the previous year, is shown by the following figures, by which the change in the tax levy can be determined:

1914 1915

$1,080,000 2,800,000

The reduction in the tax levy is from 1.48 to 1.21, a decrease of 17 cents in the tax rate.

That this cut in the state tax levy is due to the reduction in the state revenue by the state government as a result of the income tax, is shown by the figures above.

The change in state revenue for the year is from $1,080,000 to $2,800,000, a reduction of $720,000, or 68 per cent. In other words, the state government has reduced its revenue 68 per cent.

E. A. S. & E., the famous 'meat' market in the city, is offering a very good price on asparagus, which is a valuable article of food. The asparagus is of the best quality and is to be had at the lowest price.
