TAKING their cue from the monumental Christmas trees which测算 a feature of the private and public parks, where they are set up in park for the public's benefit, the parks and reservations of Clallam County, which have obtained a New York Christmas tree in the case of the Port Angeles Park, have been decorated with Christmas trees and outdoor camps are to be shown on the banks of the Port Angeles River, where the trees will be illuminated and the camps will be furnished with festive decorations.

THE SPIRIT OF A PROGRESSIVE, NEIGHBORLY COMMUNITY

"Everywhere was attended the convention had a great and conquestionable, and why pleasant occasion," writes Prof. Frank E. King, one of the newspapermen, delighted, and enthusiastic over the success of the event, and the splendid showing of your paper for the Olympic-Leader, and to have so many representatives of the newspaper business here in our city. My feelings are in harmony with his. My heart is full of joy and pride in having been able to participate in the event here in our city.
